

Fort Washington Play & Learn Observes Fire Prevention Month

As part of Fort Washington Play & Learn's observation of Fire Prevention Month, the Upper Dublin Fire Company made a special visit to the Preschool children. The children were taught the importance of the "Stop, Drop and Roll," fire safety technique to extinguish a fire to their clothes or hair if help was not available. The fire department also reviewed the process of home fire drills with the children, stressing the importance of how to safely evacuate and having a designated meeting spot once they have exited their home.

All of the children were given the opportunity to experience firsthand what it is like to be a firefighter. They were able to try on the firefighters' clothes, hat and boots. The children toured the fire truck and got an informative lesson on the equipment on board the truck. The lights and sirens completed the fantastic experience for the children.

Play & Learn wants to stress the importance of fire safety and encourage all families to replace the batteries in their smoke detectors and to have a plan in place for an emergency. For more information about Play & Learn, call 215-643-4142, visit www.playandlearn.com or email admin@playandlearn.com.
