

## **When the Weather Gets You Down, Play & Learn Picks You Up!**

The blizzard of 2010 left everybody shut in with no place to go. The city of Philadelphia shut down, businesses closed and people were digging out for days. As working parents the snow can cause great difficulty for many of you who depend on child care.

Play & Learn is proud that in this recent 18+ inch snow storm we were open on Wednesday, February 10<sup>th</sup> for Abington Memorial Hospital employees and were one of the few centers open on Thursday, February 11<sup>th</sup> at all 10 locations. We understand the needs of our families. We congratulate Play & Learn teachers for finding their way through the snow to take care of Play & Learn children.

We are a home-town child care provider there for you when you need us! If you would like more information about our Play and Learn centers, please contact 215-643-4142 and visit [www.playandlearn.com](http://www.playandlearn.com).
